

EZ Moves for Furniture from Diplomat Blades

EZ Moves furniture slides that allow a single person to easily move heavy furniture without the need to empty drawers or shelves will be a feature of the Diplomat Blades stand at The Safety Show Sydney.

The operator simply tilts the object being moved, places a slide under each corner then pushes or pulls the object with ease.

Furniture is gripped by half-inch thick heavy duty EVA foam. The ultra smooth base has a built-in dual spring action to apply upward pressure keeping the pad in place during movement. The slides are removed and stored after each use.

EZ Moves Furniture Slides are designed to protect carpet, hard surface floors, and furniture. Extra long slides are also available and are ideal for moving appliances, filing cabinets, a stack of boxes and other large, bulky items.

EZ Moves Pull Straps allow easy pulling of item/s being moved, while the EZ Moves Power Maxx Professional Furniture Lifter can help reduce the risk of back injuries by eliminating the need to lift and carry heavy items when moving.
